

NON SELECTION / NON-PORTAGING for MASTERS

2018 AUSTRALAN CANOE MARATHON CHAMPIONSHIPS

The ACMRTC is offering non selection / non portage classes for all Masters aged above 50 at the 2018 Australian Canoe Marathon Championships. There will still be Selection / Portage classes for 50+ athletes (up to and consistent with current ICF levels).

This will be easier to manage administratively and logistically, however this may provide a situation where classes may not be constituted. State Team Leaders will need to be aware of this situation and further communication with the athletes may be required.

Example: If there are 5 entries in the non-portage class and only 2 in the portage class, it may be that those entered in the portage class could be asked to join the non-portage class for the championships. This will not affect their Selection prospects.
