- 3.2.2 To be clear, to be AUTOMATICALLY selected, an Athlete must have achieved at least 1 x Junior MPS.

DISCRETIONARY SELECTION

- 3.2.3 The Selection Panel, at their absolute discretion and in accordance with criteria listed in Clause 7.2 (i) to (vi) inclusive, may select additional athletes in Olympic Event(s), up to the maximum number of quota places awarded to Australia by the ICF.

3.3 RESERVES

Reserves for each class will be named in order of ranking according to Clause 3.1 AND achieved at least 1 x Junior MPS in any of the events outlined in clause 3.1.1'. To be clear, reserves will only be named if they have achieved at least 1 x Junior MPS.

4. SELECTION ANNOUNCEMENTS

ANNOUNCEMENT of the final 2019 National Junior Team and Reserves will be made within 1 week of the 2019 Oceania Championships.

Athletes must accept the offer of selection within 5 days of receiving the selection confirmation.

5. MINIMUM PERFORMANCE STANDARDS

- 5.1 The 2019 Junior MPS are set out in Schedule A of this Criteria
- 5.2 A reference in this Criteria to 'achieve the Junior 'MPS' means an Athlete, or Crew where applicable, complying with clause 5.3.
- 5.3 To meet the MPS, the Athlete or Crew must complete a single run within the performance standard listed in Schedule A for the relevant Event, whether on the Heats 1st run (only), Semi Final, or Final phase.

6. EXTENUATING CIRCUMSTANCES

- 6.1 Notwithstanding anything contained within this Criteria, the Chief Executive Officer may recommend to the Selection Panel, and the Selection Panel may make a change to the Athletes selected to the Team for any event due to Extenuating Circumstances preventing an Athlete from otherwise meeting the Selection Criteria and/or a change in circumstances within the International competition calendar.
- 6.2 Only Extenuating Circumstances which prevent an athlete from meeting the Selection Criteria will be considered. In considering the performances of athletes at the Selection Trial, the Chief Executive Officer at its absolute discretion, may recommend to the Selection Panel that they give weight to Extenuating Circumstances.
- 6.3 For the purposes of this Policy, "Extenuating Circumstances" means:
 - 6.3.1 injury or illness;
 - 6.3.2 equipment failure (where applicable);
 - 6.3.3 travel delays;
 - 6.3.4 bereavement or disability arising from death or serious illness of an immediate family member;
 - 6.3.5 an unanticipated event occurring at the Selection Trial; and/or

6.3.6 any other factors reasonably considered by the Chief Executive Officer at its absolute discretion and recommended to the Selection Panel to constitute Extenuating Circumstances.

6.4 A decision in each case of Extenuating Circumstances will be made by the Selection Panel on an individual basis.

7. EVENT CANCELLATION

In the unlikely event one of the selection events is cancelled (e.g. extreme weather/ catastrophic pump failure at Penrith etc) – the following will apply;

7.1 If one of the four domestic selection events is cancelled, there will be no change to the selection criteria. The criteria will still consider each Athlete's two (2) highest point scores from the selection events set out in clause 3.1.1 for the purposes of the rankings.

7.2 If more than one of the four domestic selection events is cancelled, the selection panel will, at their absolute discretion, select Athletes for the Team in each Class. In doing so, the selection panel may consider, but is not required to give consideration to, any one or combination of the following factors (in no specific order of importance or weighting):

- (i) performances in ICF World Cup or World Championships Events over the last 24 months;
- (ii) performances in the most recent domestic season, including, National Senior Championships, Oceania Championships and Australian Open;
- (iii) demonstrated continual performance improvement over the last 24 months;
- (iv) recent performances in relation to the Junior MPS;
- (v) current athlete injury/illness or condition which may impair an Athlete's performance;
and
- (vi) benefit and timing of an event to assist an athlete's preparation for the Junior World Championships.

8. MIXED C2 STATEMENT

8.1 The current plans and approach by the ICF regarding MX C2 remains unclear at the moment. The Paddle Australia selection principles, as directed by its principal funding partner (AIS), state that priority of resources etc will be provided to Olympic Class events, which the MX C2 Class is not currently.

8.2 Nevertheless, it is recognised that the MX C2 may be a development opportunity for individuals

- 8.3 Additionally, if the ICF's intention is to strongly pursue the MX C2 as a potential Olympic Class, PA may review its investment into this Class.
- 8.4 Therefore, the approach Paddle Australia will be taking is to select boats into teams as per other Classes (i.e. they must also meet the appropriate MPS, not just be top ranked in the selection ranking).
- 8.5 If, after the selection series has been completed and there are still available places within any team – the senior coaches for each team may select athletes into MX C2 boats for events from within the selected teams. E.g. If in the Junior team 1 x MX C2 is selected via the selection series (i.e. top ranked and met MPS) – this leaves 2 x potential MX C2 boats within the Junior team – the coaches for the Junior Team may explore opportunities to create one or more MX C2 from within the athletes already selected via C1 and K1 for the Junior team.
- 8.6 As the ICF approach to MX C2 becomes clearer – then Paddle Australia may vary this approach.

SCHEDULE A: MINIMUM PERFORMANCE STANDARDS

Implementation of the MPS:

1. At the conclusion of each Selection Trial under this Criteria, a Base Score is calculated as the average of the lowest total score recorded by any Australian Athlete in C1 Men, C1 Women, K1 Men and K1 Women.
2. A Base Score is only calculated from the heats phase run 1 and from the Semi Final run at each Selection Trial.
3. Example:

The Base Score is calculated by adding the winning score (best eligible Australian) in any age category in C1M, C1W, K1M, K1W and dividing by 4. The percentage score for an Athlete/Crew at an event is calculated by dividing the total score for that Athlete/Crew by the Base Score and multiplying by 100. For example, if the Base Score at an event is 184.55 and Athlete A has a score of 195.44, the percentage score is calculated as follows:

$$(195.44 / 184.55) \times 100 = 105.90\%$$

2019 MINIMUM PERFORMANCE STANDARDS:

Class	Senior MPS (% of Base Score)	U23 MPS (% of Base Score)	Junior MPS (% of Base Score)
K1 Men	<93.90%	<98.70%	<110.48%
K1 Women	<107.93%	<119.70%	<129.77%
C1 Men	<100.45%	<105.41%	<121.60%
C1 Women	<126.40%	<128.97%	<145.19%
C2 Mix	<124%	<132%	<148%
