3.1.5 Athletes will be ranked from highest points to lowest points in accordance with the following:

- (i) Only each athlete's two (2) highest point scores from the selection events set out in clause 3.1.1 will be totalled for the purposes of the rankings.
- (ii) Where two or more athletes have the same total ranking points score, the athlete who has the highest single ranking points score shall be ranked higher.

3.1.6 To be clear, the base score for calculating the MPS will be calculated on Heats Run 1 for selection events 1 and 2, and Semi-final for selection events 3 and 4.

3.2 SELECTION CRITERIA

AUTOMATIC SELECTION

- 3.2.1 The two (2) highest ranked eligible Junior Male and two (2) highest ranked eligible Junior Female athletes, based on the ranking system outlined in clause 3.1, AND, who have achieved at least 1 x Junior MPS in any of the selection category outlined in clause 3.1.1, will be automatically selected in the Category or Categories they achieve in the ranking results.
- 3.2.2 To be clear:
- a) to be AUTOMATICALLY selected, an athlete must have achieved at least 1 x Junior MPS,
 - b) an athlete who is ranked in the Top 2, who has not achieved 1 x Junior MPS, will not be AUTOMATICALLY selected, but may be selected by discretion according to Clause 3.2.3 (i.e. the position does not automatically roll down to the next ranked athlete who has achieved MPS).

DISCRETIONARY SELECTION

- 3.2.3 The Selection Panel, at their absolute discretion, may select additional athletes in Olympic Categories up to the maximum number of quota places awarded to Australia by the ICF. In doing so, they will consider the following:

 - 3.2.3.3 in accordance with clause 6.2 (i) to (vi) inclusive, of this Criteria
 - 3.2.3.4 approved extenuating circumstances that may apply as outlined in clause 5, in which case a selection decision will be based on the weight of

performance based evidence in accordance with clause 6.2 (i) to (vi) inclusive, of this Criteria

3.3 RESERVES

The Selection Panel may, but are not obliged to, name Reserves for each Category at their absolute discretion in accordance with Clause 3.2.3.

3.4 CSLX SELECTION CRITERIA

The ICF and IOC have recently confirmed the inclusion of CSLX event as an Olympic event for Paris 2024. The ICF and IOC have made it clear that there will be no additional athlete quota positions available and hence, the CSLX athletes will have to come from the Slalom discipline pool of athletes. Hence, the following Criteria will be used to select athletes for all CSLX Events in 2021:

- 3.4.1 Athletes will be ranked in the K1M and K1W Canoe Slalom Categories according to the same ranking system outlined in Clause 3.1 of this policy, and specifically clause 3.1.5.
- 3.4.2 Where an athlete either chooses not to contest the CSLX event, then the position may roll down to the next ranked K1 athlete, subject to that athlete already being selected for the Team.
- 3.4.3 Subject to a position being available following the application of Clauses 3.4.1 through 3.4.2, the selection panel may, at their absolute discretion, select C1 athlete(s) who have already been selected for the Team.
- 3.4.4 Subject to a position being available following the application of Clauses 3.4.1 through 3.4.3, the selection panel may, at their absolute discretion, but are not obliged to, select athlete(s) who have not been selected for the Team.

4. MINIMUM PERFORMANCE STANDARDS

- 4.1 The updated 2021 Canoe Slalom MPS will be set out in Schedule A of this criteria and will be applied at the absolute discretion of the Selection Panel according to Clause 4.2.
- 4.2 Where listed in the Criteria that there is a requirement for athletes to 'achieve MPS', means an athlete has:
 - 4.2.1 Achieved the necessary MPS in a single run within the performance standard listed in Schedule A in any of the 4 identified selection events outlined in clause 3.1.1.
 - 4.2.2 If, for any reason, an athlete has not achieved MPS and the Selection Panel requires further evidence of an athlete's ability to achieve MPS, they may consider the following:

- Relevant performance times in relation to MPS from the athlete within the past 15 months, or
- Relative performances against other athletes who have achieved MPS within the past 15 months
- Approved Extenuating Circumstances according to Clause 5

5. EXTENUATING CIRCUMSTANCES

- 5.1 Notwithstanding anything contained within this Criteria, an athlete may apply in writing to the Selection Panel (via the Chair), to consider Extenuating Circumstances. Such application must incorporate substantive supporting evidence. This application must be received either prior to the Selection Competition beginning, or, as soon as practically possible and no later than 2 hours following the selection event in which the extenuating circumstances apply.
- 5.2 The Selection Panel is not obliged to accept or consider an application under this clause. Only Extenuating Circumstances which prevent an athlete from either attending a Selection Competition, or, finishing a selection event will be accepted.
- 5.3 For the purposes of this Policy, "Extenuating Circumstances" means:
- a) injury or illness, as confirmed by the PA Chief Medical Officer, or their authorised representative;
 - b) Covid related quarantine requirements, as confirmed by a Medical Officer
 - c) equipment failure (where applicable);
 - d) travel delays or restrictions;
 - e) bereavement or disability arising from death or serious illness of an immediate family member; and/or
 - f) an unanticipated event occurring at the Selection Competition(s).
- 5.4 If the Selection Panel accepts an Extenuating Circumstance application, a decision in each case of the weight afforded to the Extenuating Circumstances, will be made by the Selection Panel on an individual basis at its absolute discretion.

6. EVENT CANCELLATION AND SELECTION CONTINGENCY

In the event one or all of the selection events is cancelled (e.g. Covid restrictions, extreme weather, catastrophic pump failure at Penrith etc) – the following will apply;

- 6.1 If one or two of the four selection events is cancelled, then apart from the selection criteria related to that specific selection event, there will be no change to the selection criteria (i.e. each athlete's two (2) point scores from the selection events set out in clause 3.1.1 will be totalled for the purposes of the rankings).

- 6.2 If more than two of the four selection events are cancelled (e.g. the entire selection competition is cancelled), the selection panel will, at their absolute discretion, select athletes for the Team in each Category. In doing so, the selection panel may consider, but is not required to consider, any one or combination of the following factors (in no specific order of importance or weighting):
- (i) performances in ICF Junior World Championships Competitions over the last 24 months;
 - (ii) performances in domestic competitions throughout 2020 and 2021;
 - (iii) demonstrated continual performance improvement over the last 24 months;
 - (iv) recent performances in relation to the Junior MPS;
 - (v) current athlete injury/illness or condition which may impair an athlete's performance; and
 - (vi) benefit and timing of a competition to assist an athlete's preparation for the Junior World Championships.
- 6.3 Notwithstanding anything in this Clause 6, as outlined in Clause 3 of the Policy, PA may amend or repeal this Criteria at any time for any reason as determined by PA in its absolute discretion. This may include cancellation, postponement or change to selection competition(s) and/or this Criteria.

7. SELECTION ANNOUNCEMENT

- 7.1 Announcement of the Team and Reserves will be made within 1 week of the 2021 Paddle Australia Canoe Slalom Selection Competition.
- 7.2 Athletes must accept the offer of selection within 5 days of receiving the selection confirmation.

8. MIXED C2 STATEMENT

- 8.1 The ICF have indicated that there is currently no intention to pursue the MX C2 as an Olympic Category. The Paddle Australia selection principles, as directed by its principal funding partner (AIS), state that priority of resources etc will be provided to Olympic Category competitions, which the MX C2 Category is not currently.
- 8.2 Hence, Paddle Australia have made the decision not to include specific criteria relating to the MX C2 Category.
- 8.3 Once the Team have been selected, then coaches for each Team may select athletes into MX C2 boats for competitions from within the selected Team. E.g. The coaches for the Team may explore opportunities, but are not obliged to, to create one or more MX C2 from within the athletes already selected via C1 for the Team.

SCHEDULE A: MINIMUM PERFORMANCE STANDARDS

Implementation of the MPS:

1. At the conclusion of each selection competition under this Criteria, a Base Score is calculated as the average of the lowest total score recorded by any Australian athlete in Men's K1, Women's K1, Men's C1 and Women's C1.
2. A Base Score is only calculated from the heats phase run 1 for selection event 1 & 2 and from the Semi Final for selection event 3 & 4 at the Selection Competition.

3. Example:

The Base Score is calculated by adding the winning score (best eligible Australian) in any age category in MK1, WK1 MC1, MK1, WK1 MC1, WC1 and dividing by 4. The percentage score for an athlete at a competition is calculated by dividing the total score for that athlete by the Base Score and multiplying by 100. For example, if the Base Score at a competition is 184.55 and athlete A has a score of 195.44, the percentage score is calculated as follows:

$$(195.44 / 184.55) \times 100 = 105.90\%$$
