

Following the Paddle Australia Canoe Sprint Championships held in Adelaide between 19-23rd May, Paddle Australia is excited to announce the Senior, U23 and Junior World Championship Squads, along with the Canoe Sprint National Development Squad for 2021.

Last week, Paddle Australia made the difficult decision that it would be unable to support National Teams travelling to ICF International events in 2021. Whilst it is disappointing that athletes will be unable to compete in these events, Paddle Australia believes it is important to recognise and reward the hard work done by our leading paddlers and their coaches, hence our naming of the following athletes, according to the relevant criteria.

Congratulations to the following athletes who have been selected for the various Squads listed below. Due to Teams not being sent to compete at International Competitions in 2021, World Championship Squads have been named.
