

UPDATED: 2021 Canoe Slalom Selection Announcement

07/06/2021

Following an extremely challenging 12 months for the canoe slalom community where extreme weather conditions, along with the Covid-19 pandemic, significantly impacted all athletes' ability to train and compete both domestically and internationally Paddle Australia is pleased to make the following selection announcement.

Paddle Australia had little choice but to cancel selection competitions in 2021 due to the impact of these events. Paddle Australia made the difficult decision in March that it would be unable to support the Junior and U23 canoe slalom team to travel to the ICF Junior/U23 World Championships. A further announcement was made last week, confirming that Paddle Australia would not support international team travel for the remainder of 2021.

Paddle Australia still believes it is important to recognise and reward the hard work done by our leading paddlers and their coaches, hence our naming of the following athletes, according to the relevant selection criteria.

Congratulations to the following athletes and special thanks to the coaches, parents and supporters who have continued to offer support to these athletes through very difficult times.

OLYMPIC GAMES RESERVES:
