 - (iii) Where two or more athletes are still ranked equally after consideration of the above clause and a choice must be made between the two athletes for the purposes of this Criteria, the athlete who achieves the best result at selection trial 2b shall be ranked higher.

3.2 SELECTION CRITERIA

AUTOMATIC SELECTION

- 3.2.1 The two (2) highest ranked eligible Junior Male and two (2) highest ranked eligible Junior Female athletes, based on the ranking system outlined in clause 3.1, AND, achieved at least 1 x Junior MPS in any of the selection trials outlined in clause 3.1.1, will be automatically selected in the Event or Events they achieve the ranking results.
- 3.2.2 To be clear:
- a) to be AUTOMATICALLY selected, an athlete must have achieved at least 1 x Junior MPS.
 - b) an athlete who is ranked in the Top 2, who has not achieved 1 x Junior MPS, will not be AUTOMATICALLY selected, but may be selected by discretion according to Clause 3.2.3 (ie. the position does not automatically roll down to the next ranked athlete who has achieved MPS).

DISCRETIONARY SELECTION

The Canoe Slalom community has experienced challenges due to the impact of Covid 19, in light of this the selection panel will consider where teams are not filled to the maximum allocated spots, applying their absolute discretion to select athletes whose performances are suitable for international representation.

3.2.3 The Selection Panel, at their absolute discretion, may select additional athletes in Olympic Events up to the maximum number of quota places awarded to Australia by the ICF. In doing so, they will consider the following:

3.2.3.1 ranking of each athlete according to clause 3.1.4 of this Criteria

3.2.3.2 application of MPS according to clause 4 of this Criteria

3.2.3.3 in accordance with clause 6.2 (i) to (vi) inclusive, of this Criteria

3.2.3.4 performances in relation to the Junior MPS.

3.2.3.5 approved extenuating circumstances that may apply as outlined in clause 5, in which case a selection decision will be based on the weight of performance based evidence in accordance with clause 6.2 (i) to (vi) inclusive, of this Criteria

3.3 RESERVES

The Selection Panel may, but are not obliged to, name Reserves for each Event at their absolute discretion in accordance with Clause 3.2.3.

3.4 CSLX SELECTION CRITERIA

The ICF and IOC have recently confirmed the inclusion of CSLX competition as an Olympic competition for Paris 2024. The ICF and IOC have made it clear that there will be no additional athlete quota positions available and hence, the CSLX athletes will have to come from the Slalom discipline pool of athletes. With no additional athlete quota positions, the selection criteria will offer CSLX positions to athletes prioritised by their ranking in the K1 and C1 Canoe Slalom Events. There is an expectation from Paddle Australia that all athletes selected in the Team will contest the CSLX competitions at the 2022 ICF Canoe Slalom Junior World Championships. Hence, the following Criteria will be used to select athletes for all CSLX Competitions in 2022.

3.4.1 Athletes will be offered a quota position for each CSLX competition based on the K1, and C1 Canoe Slalom Events according to the same ranking system outlined in Clause 3.1 of this policy, and specifically clause 3.1.4.

Paddle Australia CSLX Quota Allocation Subject to selection to the Team

1st	K1 – Boat 1	4th	C1 – Boat 2
2nd	C1 – Boat 1	5th	K1 – Boat 3
3rd	K1 – Boat 2	6th	C1 – Boat 3

- 3.4.2 Where an athlete chooses not to contest the CSLX competition, then the position may roll down to the next ranked athlete, subject to that athlete already being selected for the Team.
- 3.4.3 Subject to a position being available following the application of Clauses 3.4.1 and 3.4.2, the selection panel may, at their absolute discretion, but are not obliged to, select athlete(s) who have not been selected for the Team.

4. MINIMUM PERFORMANCE STANDARDS

- 4.1 The updated 2022 Canoe Slalom MPS will be set out in Schedule A of this criteria and will be applied at the absolute discretion of the Selection Panel according to Clause 4.2.
- 4.2 Where listed in the Criteria that there is a requirement for athletes to 'achieve MPS', means an athlete has:
- 4.2.1 Achieved the necessary MPS in a single run within the performance standard listed in Schedule A for the relevant selection competition, whether on the Heats 1st run (only), Semi Final, or Final phase.
- 4.2.2 Where an athlete does not qualify through the official progression of the competition in to the official semi-final, an invitational semi-final will be available to allow all athletes to receive a minimum of four (4) opportunities to achieve MPS.
- 4.2.3 Where an Athlete racing in an invitational semi-final achieves a score that would have placed them in the official final, they are then able to compete in an invitational final.
- 4.2.4 If, for any reason, an athlete has not achieved the MPS and the Selection Panel requires further evidence of an athlete's ability to achieve the MPS, they may consider the following:
- Relevant performance times in relation to the MPS from the athlete within the 2021 or 2022 calendar years, or
 - Relative performances against other athletes who have achieved MPS during the 2021 or 2022 calendar years,
 - Approved Extenuating Circumstances according to Clause 5

5. EXTENUATING CIRCUMSTANCES

- 5.1 Notwithstanding anything contained within this Criteria, an athlete may apply in writing to the Selection Panel (via the Chair), to consider Extenuating Circumstances. Such application must incorporate substantive supporting evidence. This application must be received either prior to the selection competition beginning, or, as soon as practically possible and no later than 2 hours following the selection competition in

which the extenuating circumstances apply.

- 5.2 The Selection Panel is not obliged to accept or consider an application under this clause. Only Extenuating Circumstances which prevent an athlete from either attending a selection competition, or, finishing a selection competition will be accepted.
- 5.3 For the purposes of this Policy, "Extenuating Circumstances" means:
- a) injury or illness, as confirmed by the PA Chief Medical Officer, or their authorised representative;

 - c) equipment failure (where applicable);
 - d) travel delays or restrictions;
 - e) bereavement or disability arising from death or serious illness of an immediate family member; and/or

- 5.4 If the Selection Panel accepts an Extenuating Circumstance application, a decision in each case of the weight afforded to the Extenuating Circumstances, will be made by the Selection Panel on an individual basis at its absolute discretion.
- 5.5 When an application for Extenuating Circumstances is accepted, the decision of the Selection Panel and the weight afforded to each decision will be at the absolute discretion of the Selection Panel. The decision may include, but is not limited to:
- a) Selection of an athlete to a national team where quota places are still available, up to the maximum quota allocated to Australia.
 - b) Where no quota places remain, selection of an athlete to a place that would otherwise have been filled through automatic selection under clause 3.2 above.

6. COMPETITION/EVENT CANCELLATION AND SELECTION CONTINGENCY

Prior to cancellation of any Selection Event/Competition, Paddle Australia will investigate all opportunities to postpone and/or re-schedule a particular Selection Event/Competition for the purpose of allowing the selection process to proceed. If a Selection Competition and/or Event is cancelled for any reason (e.g. Covid restrictions, extreme weather, catastrophic pump failure at Penrith etc), the following process will apply.

- 6.1 If up to two domestic selection trials is cancelled, apart from the selection criteria related to those specific selection trials, there will be no change to the selection criteria (i.e. each athlete's two (2) point scores from the selection trials set out in clause 3.1.1 will be totalled for the purposes of the rankings).
- 6.2 If a circumstance arises where selection trial 2b is unable to be rescheduled and subsequently cancelled, where two or more athletes are ranked equally and require a tie

break for the purposes of this Criteria, following the application of clause 3.1.4 (i) and (ii), the athlete who achieved the best result at selection trial 1b will be ranked higher.

6.3 To be clear:

- a) If all selection trials are completed, for the purposes of this Criteria, where two or more athletes are equally ranked after the application of clause 3.1.4 (i) and (ii), the athlete who achieves the best result at selection trial 2b will be ranked higher.
- b) If selection trial 2b is unable to be completed, for the purposes of this Criteria, where two or more athletes are equally ranked after the application of clause 3.1.4 (i) and (ii), the athlete who achieves the best result at selection trial 1b will be ranked higher.

6.4 If more than two of the domestic selection trials are cancelled, the selection panel will, at their absolute discretion, select athletes for the Team in each Event. In doing so, the selection panel may consider, but is not required to consider, any one or combination of the following factors (in no specific order of importance or weighting):

- (i) performances in ICF Junior World Championships Competitions over the past two (2) international seasons (2020 and 2021);
- (ii) performances in domestic competitions throughout 2021 and 2022;

This may include cancellation, postponement or change to selection competition(s) and/or this Criteria.

7. SELECTION ANNOUNCEMENT

7.1 Announcement of the Team will be made within 2 weeks of the 2022 Australian Open.

7.2 Athletes must accept the offer of selection within 5 days of receiving the selection confirmation.

SCHEDULE A: MINIMUM PERFORMANCE STANDARDS

Implementation of the MPS:

1. At the conclusion of each selection trial under this Criteria, a Base Score is calculated as the average of the lowest total score recorded by any Australian athlete in C1 Men, C1 Women, K1 Men and K1 Women.
2. A Base Score is only calculated from the heats phase run 1 and from the Semi Final run at each Selection Competition.
3. Example:

The Base Score is calculated by adding the winning score (best eligible Australian) in any age category in C1M, C1W, K1M, K1W and dividing by 4. The percentage score for an athlete/crew at a competition is calculated by dividing the total score for that athlete/crew by the Base Score and multiplying by 100. For example, if the Base Score at a competition is 184.55 and athlete A has a score of 195.44, the percentage score is calculated as follows:

$$(195.44 / 184.55) \times 100 = 105.90\%$$
