Any athlete selected as a member of the 2022 Senior Canoe Sprint World Cup / World Championship Team and that meets the eligibility criteria at 3.2 above will automatically be selected to the Team.

Additional athletes will be selected to the Team based on their performances at the Selection Competition as follows:

4.1.5 After applying 4.1.1 to 4.1.4 above, the Selection Panel **may** at their absolute discretion add additional athletes in order of ranking up to a maximum total of eight (8) using the points system in the table below. An Athletes Total Point Score (*K1 500m score + average score from points achieved in K1 1000m & K1 200m = Total Point Score*) will determine the Athletes overall ranking.

4.1.6 Where athletes are equal on Total Point Score, the athlete with the highest ranking in the Open K1 500m event will be considered the highest ranked athlete.

4.1.6 Points will be awarded to eligible Athlete’s base on the places of eligible Athletes only as follows:

		Athletes will receive one single score from the two events listed below (K1 1000 and K1 200), calculated as an average, (total points from both events divided by two). To be clear if an athlete makes a choice to only race one event listed below, they will receive a score for the event raced, plus zero points for the other event = overall points for this section (K1 1000 and K1 200). These points will then be divided by two to calculate the score for this section. This score will then be added with the athletes 500m score to calculate a Total Point Score used for ranking.
