5. MINIMUM PERFORMANCE STANDARD (MPS)

5.1 The 2023 canoe slalom MPS are outlined in Schedule A of this Criteria and may be applied in the absolute discretion of the Selection Panel according to clause 5.2.

5.2 The requirement for athletes to ‘achieve MPS’ means an athlete has:

5.2.1 Achieved the necessary MPS in a single run within the performance standard listed in Schedule A for the relevant Event in a Selection Competition, whether on the Heats 1st run (only), Semi-Final, or Final phase.

5.2.2 Where an athlete does not qualify through the official progression of the competition into the official semi-final, an invitational semi-final will be available to allow all athletes to receive a minimum of four (4) opportunities to achieve a MPS.

5.2.3 Where an athlete racing in an invitational semi-final achieves a score that would have placed them in the official final, they are then able to compete in an invitational final.

- 5.2.4 Athletes who are eligible for early pre-selection under clause 4.2.1 will still have their race times included in base score calculations as outlined in Schedule A of this Criteria if they are the fastest boat for their Event during a relevant MPS race.
- 5.2.5 If, for any reason, an athlete has not achieved MPS and the Selection Panel requires further evidence of an athlete's ability to achieve MPS, it may consider any, or all or none of the following in no particular order:
- Relevant performance times in relation to MPS from the athlete within the 2022 or 2023 calendar years, or
 - Relative performances against other athletes who have achieved MPS during the 2022 or 2023 calendar years,
 - Relevant World Cup or World Championship (Junior/U23/Senior) performances from the previous 24 months,
 - Approved Extenuating Circumstances according to clause 6.

6. EXTENUATING CIRCUMSTANCES

- 6.1 Notwithstanding anything contained within this Criteria, an athlete may apply in writing to the Selection Panel (via the Chair), to consider Extenuating Circumstances. Such application must incorporate substantive supporting evidence of the Extenuating Circumstances. This application must be received either prior to the Selection Competition beginning, or, as soon as practically possible and no later than 2 hours following the Event in which the extenuating circumstances apply
- 6.2 The Selection Panel is not obliged to accept or consider an application under this clause. Only Extenuating Circumstances which prevent an athlete from either attending a Selection Competition, or, finishing an Event which holds selection status.
- 6.3 For the purposes of this Policy, **Extenuating Circumstances** means:
- a) injury or illness, as confirmed by the PA Chief Medical Officer, or their authorised representative.
 - b) Covid related quarantine requirements, as confirmed by a Medical Officer
 - c) equipment failure (where applicable).
 - d) travel delays.
 - e) bereavement or disability arising from death or serious illness of an immediate family member; and/or
 - f) an unanticipated event occurring at the Selection Competition(s).
- 6.4 If the Selection Panel accepts an Extenuating Circumstance application, a decision in each case of the weight afforded to the Extenuating Circumstances, will be made by the Selection Panel on an individual basis at its absolute discretion.

7. COMPETITION/ EVENT CANCELLATION

Prior to cancellation of any Selection Event/Competition, PA will investigate all opportunities to postpone and/or re-schedule a particular Selection Event/Competition for the purpose of allowing the selection process to proceed. If a Selection Competition and/or Event is cancelled for any reason (e.g. Covid restrictions, extreme weather, catastrophic pump failure at Penrith etc), the following process will apply.

- 7.1 If Selection Competition 3.4 (ii) is cancelled, apart from the Selection Criteria related to that specific Selection Competition, there will be no change to the Selection Criteria (i.e. each athlete's two (2) point scores from the selection trials set out in clause 4.1.2 will be calculated for the purposes of the rankings).
- 7.2 If circumstances arise where Selection Competition/Event 3.4 (ii) has been completed, and Selection Competition/Event 3.4 (iii) is cancelled for any reason and cannot be reasonably rescheduled, in order to fulfil clause 4.1.5 and for the purposes of this Criteria, Heat 1 and Final Ranking (across official and invitational Semi-final and Finals - Not official race ranking and exclusive of non-Australian athletes) from selection competition 3.4 (ii) will be used for the two (2) necessary selection trials to rank nominated athletes, and subsequently select the Team. Under this circumstance, each athlete's two (2) point scores from these two trials from Selection Competition 3.4 (ii) will be calculated for the purposes of the rankings.
- 7.3 To be clear:
 - a) If Selection Competition/Event 3.4 (ii) is completed in full, and Selection Competition/Event 3.4 (iii) is cancelled and cannot be rescheduled, for the purposes of this Criteria the selection trials that will be used to select the Team in each Olympic Canoe Slalom Event are:
 - b) **Selection Trial 2a:** Penrith Open, Penrith NSW, (11 – 12 February, 2023), Heat 1 only, official race ranking (exclusive of non-Australian athletes)
 - c) **Selection Trial 2b:** Penrith Open, Penrith NSW, (11 – 12 February, 2023), Final result, ranking across official and invitational semi-final and finals (not official race ranking and exclusive of non-Australian athletes)
- 7.4 In the occurrence of Clause 7.2 to 7.3 (ii) being enacted, where two or more athletes are ranked equally and require a tie break for the purposes of this Criteria, following the application of clause 4.1.5 (i) and (ii), the athlete who achieved the best result at Selection Trial 2b will be ranked higher.
- 7.5 Where a circumstance occurs where the cancelling of Selection Competitions/Events means the opportunity to participate in two (2) selection trials is not possible, and all avenues to re-schedule and postpone the Selection Competitions/Events have been exhausted, the selection panel may, at their absolute discretion, select athletes for all World Cup/Championship competitions in each Event. In doing so, the Selection Panel

may consider, but is not required to consider, any or all or none of the following factors (in no specific order of importance or weighting):

- (i) performances in ICF World Cup or World Championships Competitions over the past two (2) International seasons (2021 and 2022);
- (ii) performances in domestic and international World Cup, or Junior/U23/Senior World Championships) competitions throughout 2022 and 2023
- (iii) demonstrated continual performance improvement over the last 24-months;
- (iv) recent performances in relation to the Senior MPS, or in relation to the U25 and U23 MPS for those eligible U25 and U23 aged athletes, respectively;
- (v) current athlete injury/illness or condition which may impair an athlete's performance; and
- (vi) benefit and timing of a competition to assist an athlete's preparation for an U23 or Senior World Championships.

7.6 Notwithstanding anything in this clause 6, as outlined in clause 3 of the Policy, PA may amend or repeal this Criteria at any time for any reason as determined by PA in its absolute discretion. This may include cancellation, postponement or change to selection competition(s) and/or this Criteria.

8. SELECTION ANNOUNCEMENTS

- 8.1 Announcement of the Team will be made within 2 weeks of the 2023 Australian Open.
- 8.2 Athletes must accept the offer of selection within 5 days of receiving the selection confirmation. If they do not accept within the time the offer lapses

SCHEDULE A: MINIMUM PERFORMANCE STANDARDS

Implementation of MPS:

1. At the conclusion of each Selection Trial under this Criteria, a Base Score is calculated as the average of the lowest total score recorded by any Australian entrant in Men's K1, Women's K1, Men's C1 and Women's C1,
2. A Base Score is only calculated from the heats phase run 1 and from the Semi Final run at each Selection Trial.
3. Example:

The Base Score is calculated by adding the winning score (best Australian entrant) in any age category in MK1, WK1, MC1 and WC1, and dividing by 4. The percentage score for an athlete/crew at a competition is calculated by dividing the total score for that athlete/crew by the Base Score and multiplying by 100. For example, if the Base Score at a competition is 184.55 and athlete A has a score of 195.44, the percentage score is calculated as follows:

$$(195.44 / 184.55) \times 100 = 105.90\%$$

2023 MINIMUM PERFORMANCE STANDARDS:

Event	Senior MPS (% of Base Score)	U25 MPS (% of Base Score)	U23 MPS (% of Base Score)	U21 MPS (% of Base Score)	Junior MPS (% of Base Score)	U16 MPS (% of Base Score)
K1 Men	<94.26%	<96.35%	<98.43%	<103.00%	<107.56%	<112.56%
K1 Women	<107.92%	<112.54%	<117.16%	<122.14%	<127.12%	<132.12%
C1 Men	<101.09%	<102.77%	<104.45%	<110.51%	<116.57%	<121.57%
C1 Women	<124.72%	<125.48%	<126.24%	<133.30%	<140.35%	<145.35%

SCHEDULE B: 2025 EARLY PRE-SELECTION STATEMENT OF INTENT

Given the mission of the Australian Canoe Slalom Team is to achieve success and support continued success at international Benchmark Events (BME) – Senior World Championships and Olympic Games, proven success at these events is seen as a significant predictor of future success.

Furthermore, with the next competition year after 2023, being an Olympic year, any early pre-selection nomination criteria, will be governed by the Australian Olympic Committee’s (AOC) athlete nomination policy.

It is the intent of PA, that for the next World Championships in the LA2028 quadrennial (2025), that any BME success (Top 3) achieved in 2024, will be rewarded, with early pre-selection in the corresponding Event to the 2025 Senior World Championships team.
